

PNWVMX General Membership Meeting 5/26/2018

Meeting followed racing at the signup tent on Saturday. Approximately 30 total people in attendance.

Meeting Brought to order

Warren Lew made a motion to change note 10 of the Bylaws to read that upside down forks will be legal if they were OEM for that year, specific to KTM and Cagiva

- Seconded by Tom Spisak
- Voted on by membership, approved 25, opposed 0, abstained unknown

Warren Lew made a motion to change note 14 of the Bylaws to read that any Rev 1 bike that came OEM with disc brakes will be legal, specific to KX 125/250/500

- Seconded by Jeff Anderson
- Voted on by membership, approved 25, opposed 0. Abstained unknown

Treasurers Report given by Fritz

President and Secretary are both up for election after the racing season, nominations in October, please be thinking about this.

All club communication please send thru email (not verbal, not FaceBook) to admin@pnwvmx.org

New Business

- Should the club invest in radio transmitter to use at races, check bottom line cost, reputation of manufacturers, overall reliability
 - Tony will investigate an FM broadcast system
- Should the club buy radios for use during races
 - Scott, Fritz, Dave bought the existing radios, donate them? Fritz will follow up.
- Medic Flags, should we have a medic and yellow flag for each flagger?
- PA system, needs to be checked out, this was brought up at the 11/4/2017 banquet meeting, still unresolved.
- Moto format change? Should we use timed motos vs lap count?
 - Need to time some laps and see how long things take
 - Argument for equal time on track with timed motos
 - Need research to support
 - Time would be cut shorter if there was an accident that required stopping the racing.

Motion to adjourn meeting

- Seconded by Warren Lew
- Meeting adjourned.
